Building Internal capacity-Beginning with MTSS

Planning for external support

Vision and Goals of PAC

Our vision is to stimulate learning that leads to impactful leadership reflected in our everyday practices.

Stimulate learning: Make the next step once learning has taken place, make you excited, making it relevant

Impactful leadership: attendance in learning, one with everyday practices, what's going to live on once a principal leaves, building a culture of collaboration, known for making a difference (sts. , parents, staff), supported in the guidance, visibility, check and connect

Everyday practices: Embedded in job/role

Vision and Goals of PAC

- To create meaningful and purposeful learning experiences.
- To stimulate learning that turns into action in our everyday practice.
- To provide and support learning opportunities.
- To build proficiency in the targeted areas of growth needed based on the data (survey).

Think into the future? What do we see?

- Professional learning network, coaching/mentoring for support.

What do we hope to accomplish?

- Being better than we were yesterday (improving our leadership skills), meeting our learners' needs, build trust and collegiality.
