

**Staff Development & Licensure
Information, Question & Answer Time
with Georgie Koenig
From the MBAEA Staff Development Department**

Principals,

I am available to come out to your buildings to talk with teachers about the courses we have to offer, how to set up a learning team for credit and answer questions about relicensure.

You may request the following options:

1. Invite me to set up an information table where I will be available to answer questions during the lunch hour or after school.
2. Invite me come to one of your staff meetings to provide a brief overview of staff development offerings and how we are available to assist teachers with licensure and relicensure questions.

If you are interested in having me come out during the 2006–2007 school year, call to schedule an appointment.

Georgie Koenig
