Subject: [iec-coop] Important Notice: AV Co-op had a Fax machine problem Monday and lost some orders

If you or your agency faxed us an AV Co-op catalog order Monday June 19th, Please give Mary Allaman a call. We had a power outage and lost some faxed messages that were saved in our fax machine memory.

Please check with your business and administrative offices to see if your agency may have faxed us orders and let us know asap. We know that we are missing faxes from at least 2 or more customers.

Thanks for your help with this problem.

FYI The last day to order from the Spring 2006 AV/Computer Co-op catalog is July 12, 2006. We will be offering products in our "Extended Spring 2006 catalog after July 15th.
