

Iowa Acceleration Scale training

Iowa Department of Education and the Belin-Blank Center for Gifted Education are sponsoring The *Iowa Acceleration Scale* Training Day on Saturday, January 27, 2007.

This ICN event will originate from The University of Iowa and will be available at sites around the state. (Those who would be interested in this type of training about the *IAS* but who do not live close enough to attend at an Iowa site, please contact me for information about ways we might accommodate your interest.)

The purpose of this training day is to provide information and skill enhancement to educators throughout the State of Iowa so that they can be effective in their use of the *Iowa Acceleration Scale (IAS)*. Each participant will receive sufficient instruction so that he/she can act as the lead professional on an *IAS* staffing team. Cost is just \$50. Academic credit is also available for those who want to work with what they've learned using a web-based format; the Belin-Blank Center is providing partial tuition scholarships for those who participate in the credit option.

For details—and to register—please visit: <http://www.education.uiowa.edu/belinblank/events/ias/>
