**For principals and assistant principals**

The Principals Center is available only for practicing Iowa principals and assistant principals. This intense, three-day Summer Institute will support the principals who are the future leaders and learners for Iowa. We want principals dedicated to reaching a new level in the profession in order to develop more powerful practitioners, with the ultimate goal of increasing student achievement.

To participate in the Principals Center, principals are required to obtain the support and endorsement of their superintendents. The 200 openings will be filled on a first-come, first-served basis. If more than 200 applications are received, the openings will be allotted by the percentage of student enrollment in each area education agency.

Application materials can be found on the School Administrators of Iowa web site effective February 9, 2007. The web site is [www.sai-iowa.org](http://www.sai-iowa.org).

Remember: Enrollment is limited and your principals must act immediately. The application deadline is February 28, 2007.

Cost: \$275, including meals. Participants are to make their own lodging arrangements (information on area lodging will be provided).
