Blurb to share with locations to post/publicize:

## **Iowa Youth Survey Training**

Intended audience: School, community, AEA, and agency staff that are interested in youth perspectives on topics such as alcohol, tobacco, school climate, and safe communities.

Description: The SDFSC data grant staff will present information to help participants better understand and use data from Iowa Youth Survey reports. School staff are encouraged to bring teams that include community partners. Similarly, community coalition/agency staff are strongly encouraged to contact one of their local school districts to attend with their team. AEAs are encouraged to bring regional agency partners.

### Bring your data!

All participants should bring their own 1999, 2002, and 2005 IYS data with them to use during the session.

Regional IYS reports are available on-line at: [www.iowayouthsurvey.org](http://www.iowayouthsurvey.org) and on the Iowa Department of Education website at: <http://www.state.ia.us/educate/ecese/cfcs/iys/reports.html>. Contact your superintendent to get a copy of your school district results.
