Subject: April Workshop brochure

Mr. Quinn,

I spoke with Dr. Lehman, and he decided the brochure could be sent to all 22 districts in the AEA 9 electronic "mailbag." We appreciate your help in distributing this information. If there is anyway to specifically target recipients in Scott County, we would like the following groups to receive it at each school:

Principals

Associate Principals

Nurses

PTA presidents

PE teachers

Activities Directors

Student Council presidents

Or, perhaps, your e-mail could include a message telling the principals those people are the intended audience. Thanks, again, for all your help!

Darlene Koberg
